

PRAPARE Sample Workflow

Steps for Using a "No Wrong Door" Approach

Take-Aways:

- + Any staff can administer parts of PRAPARE at any time during the clinic visit and at any location within the clinic.
- + By dividing the responsibility of data collection among more staff, the burden is less on everyone involved.
- + Helps with staff buy-in as everyone has an opportunity and responsibility to paint a fuller picture of their patients and better meet their needs.
- May result in duplication of questions if not entered in the electronic health record.

The Steps:
