LOOKING FORWARD

HRSA Grantee Update

- O&E Funding will continue
 - ▣ HRSA expects health centers will continue to conduct in reach, outreach, and enrollment assistance throughout the year, with the understanding that during the open enrollment periods, health centers will likely have to adjust resources in order to meet the increased health center patient and service area needs during open enrollment periods.
- Quarterly Progress Reporting will continue
 - ▣ For the near future, HRSA will continue to require health centers to submit QPRs.
- Tracking redeterminations
 - ▣ HRSA does not require that you track redeterminations separately (at least not yet). OPCA does suggest you keep track of redetermination in the meantime.

LUNCH

Garden to Table

combines the Martin Luther King, Jr. Education Center's Horticulture & Culinary Programs to provide hands-on opportunities for students to learn about sustainable living practices. Garden is planted and harvested by the Horticulture students, who pass their harvest on to the Culinary students. They in turn create healthy & nutritious dishes featured in this menu for your enjoyment.
