

Advancing Health Equity and Data (AHEAD)

Kick-Off Meeting, January 15, 2018

Multnomah Room of the Red Lion Hotel on the River Jantzen Beach
 Portland, OR

Objectives

- Align with your CHC peers to develop a common vision and standardized pool of social determinant of health (SDH) data as a statewide network.
- Advance in your knowledge of analytic capacity and use population health equity data for advocacy purposes at the local, state and federal levels.
- Develop and refine workflows, data collection processes, and EMR use of the Protocol for Responding to and Assessing Patient Assets, Risks and Experiences ([PRAPARE](#)) tool
- Prepare for future funding opportunities and incentive metrics that call for a focus on SDH
