To: Federally Qualified Health Centers (FQHCs)
Rural Health Clinics (RHCs)

From: Lori Coyner, State Medicaid Director

Subject: FQHC/RHC Reimbursement for COVID-19 Vaccine Administration

The Oregon Health Authority (OHA) will reimburse all FQHCs and RHCs, including clinics participating in the Alternative Payment and Advanced Care Model (APCM) program, for COVID-19 vaccine administrations at the clinic’s Medicaid Prospective Payment System (PPS) encounter rate.

Clinics can now bill OHA for administration of the Pfizer, Moderna, and Johnson & Johnson vaccines using the following codes.

Code	Description
0001A	Pfizer-Biontech COVID-19 Vaccine Administration – First Dose
0002A	Pfizer-Biontech COVID-19 Vaccine Administration – Second Dose
0011A	Moderna COVID-19 Vaccine Administration – First Dose
0012A	Moderna COVID-19 Vaccine Administration – Second Dose
0031A	Johnson & Johnson – Janssen COVID-19 Vaccine Administration – Single Dose

What should you do?

To bill for coordinated care organization (CCO) members:

- Bill all services to the CCO as usual.
- Services excluded from the APCM program can be paid at the PPS rate.

To bill for fee-for-service members:

- Bill all claims as usual (include the clinic’s PPS rate amount).
- For COVID-19 vaccine administrations provided at a primary care medical visit, add the U1 modifier. This will allow OHA to pay for the vaccine administration at the PPS rate rather than zero pay.
- [Other services excluded from the APCM program](#) may also be paid at the PPS rate.

To learn more about reimbursement for participating APCM clinics, [please read OHA’s fact sheet](#). You can also find more APCM resources on OHA’s [FQHC and RHC rules and guidelines page](#).
