

Integrated Clinical Peer Group News

The latest information for CHC Behavioral Health, Dental, Medical, and Pharmacy Leaders

Feb. 3, 2021

We hope this newsletter helps clinical leadership teams stay up-to-date on key resources, opportunities, and funding for shared strategies to optimize integrated, whole-person care. The information below is color-coded using the following rubric:

Behavioral Health Leaders

Dental Leaders

Medical Leaders

Pharmacy Leaders

Integrated (for all leaders in this space)

Please contact [Ariel](#) or [Irma](#) with any questions or feedback.

Need to Know

Behavioral Health Leaders

Behavioral Health Leaders Peer Group Gathering: Join your peers on the morning of March 8 for a meeting of the Behavioral Health Leaders Peer Group. Our topic for this meeting is clinician wellness and registration is now open. This group is open to anyone in a BH Management or supervisory role at Oregon health centers. [Please click here to register.](#)

Integrated

BPHC Bulletin: Did you know that HRSA sends out an electronic newsletter to keep health centers informed on the latest information from the Bureau of Primary Health Care? [Sign up today](#) to stay in the know about key issues and opportunities that affect your health center.

Training & Learning Opportunities

Integrated

Interprofessional Solutions for Racism in Primary Care: The Interprofessional Primary Care Institute is offering this virtual workshop on Feb. 18. [Click here for more information and to register.](#)

Please note that the Interprofessional Primary Care Institute is hosted by George Fox University, which [maintains positions and policies that are not inclusive or supportive of LGBTQIA persons](#). You can view the IPC Institute website for further information about the values and mission statement of the Institute. OPCA distributes information about the Interprofessional Primary Care Institute as a community partner in service of our shared mission, while also recognizing the challenges created by the policies of the university. Please let [Claire](#) know if you would like to share any input to OPCA on this matter.

Integrated

Military Cultural Awareness & Suicide Prevention (MCASP) Training: Lines for Life and the Oregon Health Authority (OHA) have put together a free two-day training for providers throughout Oregon that

focuses on the needs of veterans, military service members, and their families. The training offers a broad overview of veteran and military cultural awareness and vulnerability factors. In addition to addressing veteran and military suicide prevention and intervention assessments, it is our goal to help expand provider awareness in order to reduce stigma, tailor services to better address experiences in the military, and help veterans feel more comfortable with provider care. To learn more, see training dates, and to register, [click here](#).

Integrated

OHA Transformation Center Resources & Learning Opportunities: The OHA Transformation Center provides a wide range of resources and learning opportunities. You can [click here](#) to receive notifications about Transformation Center events, resources and learning opportunities.

Integrated

OHA COVID-19 Healthcare Provider Webinars (2nd Thursday of the month)

Feb. 11 at 12pm PT

[Click here](#) for how to join the webinars and other information.

Dental Leaders

OPCA Hosts Open Space Call

Feb. 17 from 8-9am PT

The purpose of this open space is to connect with your Oregon FQHC dental leaders to talk about whatever clinical issues you need/want to discuss related to recent public health emergencies and providing much needed care to the patients in your community while taking care of your own staff and family. For more information, or if it is not on your calendar, please contact [Irma](#).

Pharmacy Leaders

OPCA Will Host Open Space Calls (2nd Thursday of the month, Jan – Mar)

Feb. 11 from 8-9am PT

Connect with other Oregon FQHC pharmacy leaders to talk about whatever issues you need/want to discuss related to this public health crisis and providing much needed care to the patients in your community while taking care of your own staff and family. It's an opportunity to ask questions, share information, get feedback, bounce ideas off of each other, share resources, and get support from others in the same situation. For more information or if it's not on your calendar, please contact [Irma](#).

Best Practices & Resources

Dental Leaders

Dismantling White Supremacy in the Oral Health System: Community Catalyst hosted a panel of thought leaders working at the intersection of oral health and racial justice. You can read more about the discussion and find a link to the recording on Community Catalyst's blog. [Read more here](#).

Integrated

Person-Centered Care for Older Adults: If you're interested in improving care for the aging population, check out this new resource from the [Center for Consumer Engagement in Health Innovation](#).
