

LEGISLATIVE LIAISONS

Now recruiting for the 2025 Legislative Session!

Legislative Liaisons Commit To:

- Two, one hour trainings
 - November 14th 1:30 - 2:30 Orientation
 - November 19th 1 - 2 pm BillTracker Boot Camp
- Providing feedback on bills we send you to review at your own pace and capacity

Legislative Liaisons serve as subject matter experts and share their professional opinion on bills that directly affect FQHCs. Your input helps OPCA's policy team understand the complex effects a bill could have on FQHCs and their patients, and equips us to be better advocates for CHCs.

We'll teach you everything you need to know about reading bills and providing feedback!

Interested in Participating? Questions?
